

97 BLACKCOMB MULTI GYM - 150LBS STACK: MSRP: 1999.0000

DESCRIPTION

The *Northern Lights Blackcomb Multi Gym* offers traditional strength training exercises in a compact unit. You can do a variety of exercises on the *Northern Lights Blackcomb Multi Gym* including chest, shoulder and incline presses, lat pull downs, rows, leg curl, and leg extension. It is simple to adjust the weights: just slip the selector pin into one of the slots. Swivel pulleys and cable travel allow for users to train in real-life movements.
